UNIPUNCH PRODUCTS, INC.

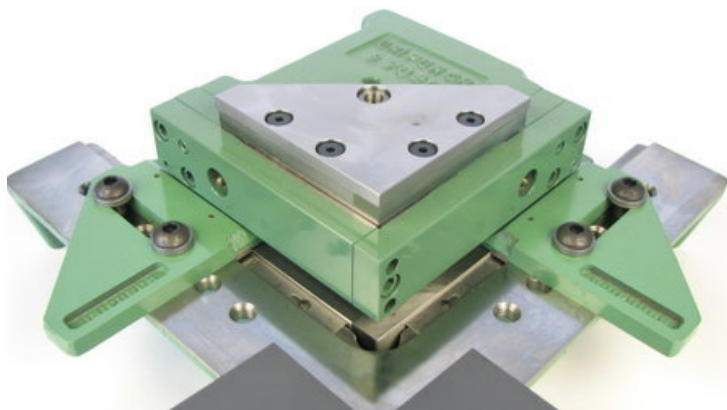

Part Notching Solutions

Speed - Reliability - Accuracy UniPunch Notching Tools

UniPunch Corner, Edge and V-Notch units are designed to enhance your part fabrication capabilities. Use as an individual process or in combination with your hole punching operations. Our notching tools are highly efficient & cost-effective in comparison to other part notching methods.

Our 90 degree Corner Notching Units are available in 3 x 3 and 5 x 5 configurations and for handling plate steel up to 1/4" thick. Above unit shown with optional gauge table.

Features

- Fast setups - mount in your press, bolt down and begin production
- Compatible with UniPunch A & B series C-frame punching units
- Right and left hand configurations for notching two corners in a single press hit
- Premium tool steel blades for long tool life
- Easy to maintain

Visit our online catalog for complete notch unit details and specifications.
