

Upper Arm Kits

A & AJ Series

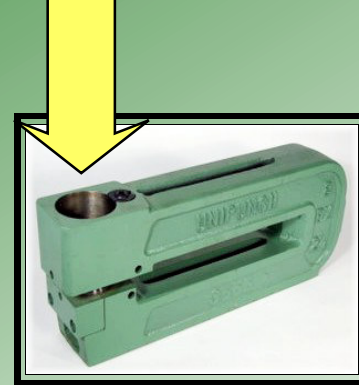

Kit No. 9736 shown

B Series

Kit No. 9768 shown

Unipunch now offers upper arm components as single kits for the many common A, AJ and B series holders. You can avoid costly down time by having these kits readily available for immediate installation when required.

See reverse side for kit details that are compatible with your existing Unipunch holders. Contact our sales department for current price and availability.

For producing quality holes in your parts, Upper Arm Kits will...

- Provide accurate punch to die alignment
- Optimize unit stripping pressure
- Save \$ dollars over individual component prices
